Community Land Management Plans SURVEY

Share your feedback on how community land is managed.

We are reviewing how community land across the City of Holdfast Bay is managed into the future.

Draft Community Land Management Plans (CLMPs) have been prepared for nine land classifications.

The draft plans set out a framework for how these community assets will be managed, used and maintained in the future. Importantly, the draft CLMPs do not approve any individual development, lease, licence or commercial proposal. Instead, they provide guidance for Council when considering future opportunities and activities on community land.

Please ensure you have read the draft plans before providing your feedback.
