LEGEND

Existing tree to be retained& protected

New tree (Species)

Planter bed

Natural 'fallen log'

New park seat

LANDSCAPING NOTES

1. Refer to planting schedule for plant species and numbers.
2. All plants to be in a healthy condition and to the required size.
3. Final species, density and planting locations to be confirmed by contractor with council before planting.
4. Final locations of tree plantings to be determined by actual service locations and are to be confirmed on site.
5. Plant as per specifications with watering bowl and apply 75mm deep mulch.
6. Plant groundcovers in groups of 3–5, plant towards edge of beds.
7. Plant grasses and sedges in groups of 5–7 plants.
8. Allow to set back plantings min. 150mm from footpaths and 300mm fromedge of kerb.
9. This drawing to be read in conjunction with all other contract documets and any instructions issued during the course of the project.

Planting schedule

Code	Botanical name	Common name	No.
	Trees		
Ap	*Acacia pycnantha*	Golden wattle	10
Av	*Allocasuarina verticillata*	Drooping sheoak	10
Cg	*Callitris gracilis*	Southern cypress pine	10
Ep	*Eucalyptus porosa*	Mallee box	10
Pan	*Pittosporum angustifolium*	Native apricot	10
	Tall shrubs		
Aa	*Acacia acinacea*	Round-leaved wattle	20
Ac	*Acacia cupularis*	Coastal umbrella bush	10
Aq	*Adriana quadripartita*	Coastal bitter bush	15
Bs	*Bursaria spinosa ssp. spinosa*	Christmas bush	20
Dv	*Dodonaea viscosa ssp. spatulata*	Sticky hop bush	10
Oa	*Olearia axillaris*	Coast daisy-bush	20
	Small shrubs & groundcovers		
Bc	*Billardiera cymosa ssp. cymosa*	Sweet appleberry	15
Ca	*Chrysocephalum apiculatum*	Prostrate everlasting	55
Cs	*Chrysocephalum semipapposum*	Clustered everlasting	55
Enu	*Einadia nutans ssp. nutans*	Nodding saltbush	35
Et	*Enchylaena tomentosa var. tomentosa*	Ruby saltbush	20
Em	*Eutaxia microphylla*	Small leaved mallee pea	20
