

TRANSFORMING JETTY ROAD GLENELG NOTIFICATION

Transforming Jetty Road Glenelg project begins

Please be advised that construction works, as part of the Transforming Jetty Road Glenelg project, are now underway.

Night works will take place from 8pm to 6am on Tuesday 12 November 2024 to Monday 25 November 2024 in the City zone, which is the eastern end of Jetty Road, from Partridge / Gordon streets to Brighton Road.

The work will take place in small areas on the footpaths, which will be reinstated by the next morning so the street can operate as normal as possible. There may be some noise created by the use of hydrovac machinery.

We do not anticipate any disruption to pedestrian and business access during this phase of work.

Further street renewal construction in the City zone will start from Thursday 5 December 2024 on the footpaths, kerbs and garden beds.

All businesses will still be accessible during the construction works.

There will be no change to the function of Jetty Road in the City zone.

What is the Transforming Jetty Road Glenelg project

The \$40 million Transforming Jetty Road Glenelg project will be undertaken over three stages. It will deliver a modern, safe, vibrant and accessible destination that will cement Glenelg as Adelaide's premier coastal shopping, dining and entertainment precinct, while still being the heart of our local community.

Next steps

Preliminary design work is underway for the Transition and Coast zones, which encompass the remainder of Jetty Road from the Partridge / Gordon streets intersection to the fringes of Moseley Square and into Colley Terrace.

Concept plans will go out to community consultation in early 2025.
